BEING CONSIDERED

Special Congress Committee to Investigate Conditions in South—President Wilson Thinks Situation Is Clearing.

Washington, October 26.—The special committee on cotton legislation, named by the house just before the adjournment of congress, met today to consider the situation in the south brought about by the European war. The resolution provided that this committee make a thorough investigation of the subject and report possible measures for federal aid in the cotton crisis by December 15. Representative Henry D. Clayton, chairman, and the other members are Representatives Austin and Long, democrats; Lever and Heflin, republicans; and Bell, progressive.

Nearly all the members of both houses of congress had left Washington today. Some southern senators and representatives, however, do what they could to expedite legislation to relieve the cotton states, remained in the city.

There was considerable discussion today regarding Representative Clayton's statement that an extra session would be called in November, but that he is not considering taking any such action. It is stated that while the president approves the Lever bill providing for government purchase of cotton warehouses, and the Glass amendment to the currency act permitting banks to lend money up to 100 per cent of their capital and surplus, he has doubts both that measures would be held over until the December session of congress.

Members of the house appointed on the special committee to consider cotton relief legislation indicated today that nothing would be done until after the active session of the house. The active session of the house, which is expected to begin on November 2, is expected to be held in the city.

GILMER AND FANNIN FULL OF PROSPERITY

Both Counties Raise Plenty of Foodstuffs, But No Cotton.

Gilmer and Fannin counties are two places where the cry of hard times has not penetrated, according to Hon. Herbert Clay, solicitor general of the Blue Ridge circuit, who was in the city Monday.

There is a very good reason for this gratifying state of affairs. Gilmer and Fannin counties raise no cotton, but do raise beef cattle, hogs, hay, corn and country produce of all kinds for which already market is always found.

If you are one of those accustomed to coming in to a vaudeville theater after the show is over, justifying your late arrival on the ground that in all probability the first show is worth while, it would be well to make a change this week.

For there is a real reason in the first spot this week at the Foxboro. Of course it may not be one to your liking for it is not one of the type of woman has his or her preferences, but certainly all will admit that the act is a top-line of its kind. 'Twain's' is the favorite of the audience and the act is very near describing what he has seen in Atlanta, has an act that is a masterpiece of the art of the stage. The act is presented, and from the start, when the comedian comes on the stage, he is a head and a shoulders above the rest of the crowd. The act is a masterpiece of the art of the stage.

MURDERER OF THE GIRL TRIED TO BURN CORPSE

South Bend, Ind., October 26.—Police investigating circumstances connected with the death of 15-year-old Hazel Macklin, who disappeared August 19 and whose body was found in a vault at Island Park yesterday, declared today they believed the murderer attempted to burn the body. Part of a charred wood observed near the place where the body was found led to this belief.

It was thought for a time that the charred wood, which the girl was carrying with her, was a clue to the murderer. It was later discovered that the wood was a piece of a charred wood observed near the place where the body was found.

Efforts to trace the telephone call of a supposed prospective employer which the police believe lured Hazel to her death have proved useless.

Efforts to trace the telephone call of a supposed prospective employer which the police believe lured Hazel to her death have proved useless.

The police believe the murderer attempted to burn the body. Part of a charred wood observed near the place where the body was found led to this belief.

It was thought for a time that the charred wood, which the girl was carrying with her, was a clue to the murderer. It was later discovered that the wood was a piece of a charred wood observed near the place where the body was found.

Best Laxative For Children

When your baby is cross and fretful instead of the happy, laughing little dear you are accustomed to, you may be sure that something has become deranged and the bowels are constipated. Give your baby a little of this pleasant, safe, and effective laxative, and you will see the happy content of your baby.

The very best laxative for children is Dr. Caldwell's Syrup Pepsin. It is a pleasant, safe, and effective laxative, and you will see the happy content of your baby.

Cash Counts

For some time we have been advertising a piece of property at \$5,000. It being one of the best investments had in that range of value. We have decided to offer this same property at \$4,250—a concession such as expediency should always graciously make in times when cash is so hard to come by.

The terms of purchase would be \$1,250 in money plus the assumption of certain promissory notes aggregating in principal and interest \$3,000. The balance would be paid in monthly payments and the house rental would be microscopic.

The property is a well improved place on Boulevard, near Auburn avenue.
